The general method is by lectures, recitations, and reports. Same course given during regular year, with same credit. Average credit, 3 hours. Method. --There is a decided tendency to do away with general method, as such, and incorporate it in subject methods and educational psychology. The aim of the course is to offer the fundamental principles in the teaching process and their relation to the learning process. The most common topics are a study of the formal steps of the recitation, the problem of how to study and teaching how to study, the selection and arrangement of subject-matter, methods of securing interest, individual attention, elements of skill and drill, development, and appreciation. Lesson plans, observation, and demonstration are required. There is the same work in all schools,...
