Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

This collection of poetry by Joe Dale Nevaquaya has come in its own time, exactly when we need it. These poems range from star messages tapped out on silver cords ascending from the death dreams of a dying country, to tribute poems in the form of shields, giving protection to those whom they are addressed, to reports from the edge of brokenness. It is time to celebrate the arrival of these poems, acknowledge the visions and give them their place in the circle. -Joy Harjo Mvskoke poet, musician, performer and playwright This item ships from multiple locations.
