Quiller Publishing Ltd. Hardback. Book Condition: new. BRAND NEW, Farm Fatale: Adventures in Agriculture, Paul Heiney, This book, awash with not only blood, sweat and tears but a great deal of good humour, tells the story not only of the changing seasons in the countryside, but paints an unforgettable portrait of a man in determined pursuit of a dream. In the early 1990s Paul Heiney set aside his broadcasting career and swapped it for a life on the land. He decided that he would start his own farm and it would be like no other farm you could find. He shunned modern intensive methods and reverted to a system of farming that would have been familiar to his great grandparents; ploughing, sowing, reaping and mowing with carthorses rather than tractors. He employed mighty Suffolk Punches which were once the workhorses of agriculture in the eastern counties. And although he was prepared for the hard work that would follow, he could never have guessed how the story of this little farm would unfold. His life became overwhelmed by all the disasters and rewards that a farming life can bring; his livestock showed him little respect and took every opportunity to remind him who was really in charge.
